Preliminary
Announcement

14 -18 October 2009 Mervansaray Hotel -Lara Antalya / TURKEY www.efsmo2009.org

Dear Colleagues and Friends,

On behalf of Turkish Sports Medicine Association, we are proud to host 6th. EFSMA European Sports Medicine Congress in Antalya, Turkey; a country with a ten thousand year old cultural heritage, acting as a geographic and socio-cultural link between West and East.

The time and location for the congress is 14-18 October, 2009, Antalya. The choice of Antalya as the venue of our Congress will provide a unique ambiance with the incomparable historic presence, natural beauty and cultural charm of this part of Anatolia. We are hoping that this Congress in the land of pioneers of medicine such as Avicenna and Hipocrates will inspire and stimulate you. Surrounded by amazing scenery of sharp contrasts, Antalya, Turkey's principal resort, is an attractive city with shady palm-lined boulevards and a prize-winning marina. Antalya has been continuously inhabited since its founding in 159 BC by Attalos II, a King of Pergamum, who named the city Attaleia after himself. The Romans, Byzantines and Seljuks successively inhabited in Antalya before Ottomans ruled the territory. Today, Antalya is a famous tourism center in Mustafa Kemal Atatürk's modern Turkish Republic, providing a premium touristic service mainly to Europe.

We would like to welcome you with our well-known "Turkish Hospitality" to share the recent scientific developments in the area of sports medicine. We believe this Congress will provide a high quality scientific environment for the presentation of new research and exchange of information by all disciplines related to sports and medicine. In recent years, the EFSMA has grown and developed into what is now a leading and dynamic force in Sports Medicine in Europe. It is with the same dynamism and expertise that are the hallmarks of a high calibre and carefully arranged scientific programme. A thorough discussion and critical evaluation of the latest advancements in sports medicine are key features of the scientific programme. The sessions, which will include educational courses, state-of-the-art lectures, panel and round table discussions and symposia, will also provide an opportunity for all sports medicine health care providers to exchange views on current issues.

Besides the congress we also invite you to enjoy the land of sun, sea, history, culture, sports and humanity.

We hope that the 6th. EFSMA European Sports Medicine Congress, 14 to 18 October 2009, will be a red-letter date in your diary, an event that we expect to be exciting and informative. We look forward to being your hosts knowing the Antalya congress will be an enlightening and enjoyable experience that should not be missed.

See you in Antalya 2009!

Congress Chairman
Prof. Emin Ergen MD

Congress Secretary
Assoc. Prof. Bülent Ülkar MD

Important information :

The abstracts will be published in the Journal of Sport Science and Medicine (<http://www.jssm.org/>) as a supplement. JSSM is an indexed free electronic journal in SCI Expanded, Focus on, Sports Science & Medicine, SciSearch, EMBASE, EMNursing, COMPENDEX, GEOBASE, SCOPUS, Index Copernicus, SPORTDiscus, DOAJ, J-Gate, GoogleScholar and SPONET. 2006 Impact Factor of JSSM is 0.475 and Rank in Sport Science Journals: #57 of 73. It is expected that this publication will be a stimulation for the participants since the abstracts will be an indexed source. Publication of the first abstract is included in the registration fee. If you submit for more than one poster/oral presentation, each additional abstract costs 30 EUROS. This amount is expected to be paid following the receipt of acceptance by the scientific commission. Unpaid abstracts will not be published in the Congress book but can be presented during the Congress. The authors accept that JSSM is the copyright holder of the abstracts.
